1. HYFN GAMES

Name of the Entrepreneur	:	Yugank Rustogi Rakesh Sethi
Name of the Company	:	Hyfn Games Pvt. Ltd.
Year of Graduation	:	2013
Status of Company Registration	:	Registered
Form of Business	:	Private Limited Company
Sector of Business	:	Game Development.
Contact Details	:	91-9958002334 yugank.mriic@mrei.ac.in rakesh.mriic@mrei.ac.in

We are a Sci-fi game development team based in India. There is an open and friendly work environment with flexible working hours and work from home option. Completing work within

deadlines is must for us. We develop original games and provide complete development - from concept to designing, testing and deploying. Also, we work on developing cross-platform games. Our primary area of work is Sci-Fi, although we may work on other genres if we stumble upon great ideas. Currently, we are working on a Sci-Fi multiplayer game named "SpaceTrap".

SpaceTrap is a third person science fiction multiplayer game. Each player will have to escape a 3-D maze while fighting other players using abilities. The player will choose one from the available characters known as explorers at the start of every game featuring a different maze. Alongside high end graphics, the game includes ranked leader boards. SpaceTrap will be a cross-platform free to play game with in-game purchases planned to be released for iOS and Android. In future, it would also be released for VR.

technoplanet

From agricultural to industrial age and now to information age, history shows that how technology impact the way we travel, communicate, work and live. Now in 21st century, technological advancements are rapidly disrupting industries and there is a shift in skill requirement by employers in global job market. Be it IT, energy, transportation, telecom, healthcare, education or retail sector, nature of jobs are becoming largely autonomous with new trends like online shopping, robotic assembling, driverless cars. This shows that the upcoming jobs will look for analyses, creativity and innovation as top skills in a human resource. But contrary to that our school education system is still about focusing more on delivering information and less about skills.

Technoplanet started in 2015 with a team of engineers and educators developing new age tools, technologies and content, for classroom and self-learning, with an ultimate objective of revolutionizing education for the needs of 21st century.

Year of Graduation	:	2014
Status of Company Registration	:	Registered
Form of Business	:	Private Limited Company
Sector of Business	:	Adventure travelling
Contact Details	:	91-9953090969 gautam.yadav@deyor.in

Our focus at Deyor Camps, a technology friendly platform, is to provide great customer experience by making bookings of camping trips as simple as booking a hotel room, hence focusing on value and not just volume.

In more recent times, camping has picked up in India as gradually more and more companies and travelers are giving hotels and resorts a miss to explore local experiences.

We, Deyor camps are a mass-market product piloting in India, building our first and only, one of a kind chain of branded camps, cottages, and activities while concreting an underlying business around providing quality outdoor accommodation and thrilling experiences for adventure driven travelers.

Not only do we target niche segments like last minute bookings and boutique tourist accommodations like houseboats and old havelis in Rajasthan to differentiate and offer unique stay options; we have also partnered up with local vendors to set up camps and invest in them as an acceptable alternative for leisure and corporate travelers.

We also provide accommodation experiences in pilgrimage cities, tapping into backpacker trips, weddings and special events.

Status of Company Registration	:	Registered
Form of Business	:	Private Limited Company
Sector of Business	:	Pizza and Italian food
Contact Details	:	+91-9711882675 yashveer.aa@gmail.com

Franchise Owner at Tossin Pizza India.

About Tossin Pizza:

A journey lead by the passion for food began two years back, but this is the right time to celebrate RohitNarang's dream which really had been with him since he was a little boy. 'Tossin Gourmet Pizzas' was started after a lot of hard work put in by Narang and his partner-in-crime Honey Mehta in 2013. But it has it's ups and downs for a great success story which shouldn't go unheard. Since he was a young boy, Narang was fond of cooking. "I used cook often and role play as the Head Chef at home", he recalls, "and sometimes would never let my mother cook."

As time flew, things changed but the vision of cooking never separated itself from Narang's personality. As a result, he moved to Australia in order to pursue his passion professionally, studying for a hotel management degree. The rich culture of food and restaurants that Australia entails, Narang worked with some of the best names in their restaurant industry- one of them being Hilton- which he did pursue to their end. But he felt a void and the dream to have something of his own persisted. So he planned to open a food truck in Australia, but the model did not turn out to be a suitable one. But Narang was not let down thing, it provided him with a greater impetus to give shape to his vision back home.

A dedicated year and a half was invested by Narang and co-founder Mehta to give birth to 'Tossin Gourmet Pizzas'. After various considerations, the two restaurateurs came to a consensus of setting up their first joint at Galleria Market in Gurgaon. Looking back at the initial days of Tossin, Narang recalls how he and Mehta used to wait for hours for customers. Of course, giving up was out of the question now. Soon Tossin gained its own customer base in and around Gurgaon. Tossin has won awards like "Half Pizza Marathon" and "Best Pizza in Gurgaon" and gained appreciation across food critics and restaurant industry gurus.

The journey continues, but a humble Narang credits their achievements to their regular customers and fans who believed in them, and most of all, in their vision of 'Tossin'.

26. CELEBRATING FREEDOM

Name of the Entrepreneur	:	Natasha
Name of the Company	:	Celebrating Freedom
Year of Graduation	:	2013
Status of Company Registration	:	Registered
Form of Business	:	Private Limited Company
Sector of Business	:	Social Welfare (run events for social cause)
Contact Details	:	91- 9582711625 natasha.ninni@gmail.com

“Celebrating Freedom’, an ambitious enterprise by a team of seven Biotechnology alums of Manav Rachna International University (MRIU) was formally launched today at the MRIU campus with a thought-provoking cultural ensemble on the theme of Celebrating Freedom.

Celebrating Freedom is an organization which works towards utilizing the talent amongst youth and passionate citizens to raise resources and materials for other non-profit and non-governmental organizations. The idea of this was approved at the ‘Centre of Innovation’ and has made its place in the Government’s ambitious youth start-up initiative. The enterprise has also been shortlisted for funding from the PMO initiative.

The core team of Celebrating Freedom is a Group of seven biotechnology Engineers led by Natasha Sharma, came from different places in India, different roots and different backgrounds but graduated from one college Manav Rachna International University. “It was at MRIU that we all got together and thought of starting our own enterprise. Manav Rachna had brought us together and that is the reason we chose MRIU campus for our grand launch”, informs Natasha Sharma.

Celebrating Freedom caters to various causes that NGOs world over are fighting for. It helps in aiding them with substantial material through creative means by utilizing youth talent. It gives cultural and entertainment sources to audiences by motivating the youth in pursuing their talents and eventually helps non-profit organizations to fulfill their deficit of aid like blood banks, raw materials, employment, human resource , platelets, organ donations, free health checks, and much more.
