A CD of song on 'Water Conservation' was released

The Manav Rachna family presents a token of gratitude to Sh. Deepak Gupta

Sh Sarkar Talwar bestowed with Long Service Award

92 members of the Manav Rachna family acknowledged for 10 years of continuous service

In the year 2018, Manav Rachna Educational Institutions (MREI) created new benchmarks in higher education; strengthened the government's skill development agenda and brought together stakeholders on many National and international platforms. By taking a quantum leap into many initiatives that go beyond the framework of conventional curricula, MREI has been making the educational experience rich and enlightening.

Following its tradition, the year 2019 at MREI began on a pious note with the Maha Mrityunjaya Yajna. An integral part of Manav Rachna's legacy and tradition, the yajna organized every year from December 26 to January 1—is a beautiful thought of the Founder Visionary Dr. O.P. Bhalla to spread global peace and prosperity among one and all.

It was a sight to behold when the entire Manav Rachna fraternity braved the cold of the wintry morning to pray for the peace, prosperity and success of all. The New Year began on an auspicious note with the Purnahuti which was the final culmination of the Maha Mrityunjaya Yajna. The Yajna began with the Havan by the Management, VCs, Executive Directors, Heads of Institutions, Principals and Directors. Sh. Deepak Gupta, District & Sessions Judge, Faridabad graced the occasion as the Chief Guest. Smt Satya Bhalla, Chief Patron, MREI; Dr. Prashant Bhalla,

President-MREI; Dr. Amit Bhalla, VP, MREI; Mr. H K Batra; Mr. Navdeep Chawla; Mr. Ravi Vasudeva among other dignitaries from Faridabad were also present on the occasion. The auspicious occasion was the perfect platform for all associates to foster a sense of oneness as they bonded with one another along with their families over Havan and Bhandara.

92 members of the Manav Rachna family were awarded in recognition of their 10 years of committed and continuous service. What further enhanced the sense of sublimity were the soul-stirring bhajan renditions by Siddharth Mohan who mesmerized the audience with his mellifluous voice. A CD titled 'songs of water' was released with the support of the Central Ground Water Board to create awareness on water conservation. Ms. Chandana Kapoor, music teacher at MRIS Charmwood has lent her voice to the CD.

Thanking all the members of Manav Rachna for their commitment and support, Smt. Satya Bhalla said, "We hope the unity and oneness which is prevalent in the Manav Rachna family will go a long way in actualizing the mission and vision of Founder Visionary Dr. O.P. Bhalla." While talking about the significance of 'havan', Ms. Satya Bhalla explained that such a ceremony "purifies both the soul and environment paving the way for a future that is bound to be fruitful and positive."
