I am very pleased to be associated with CAL and am excited at the prospect of contributing to the ongoing journey with the IB. These inputs into the training of teachers will benefit all the students they teach regardless of the kind of school they attend. The IB philosophy, standards and practices are universal and our programmes will be useful for all as well as fulfilling the need for IB trained teachers for IB schools.

Ms. Rashima Vaid Varma

Director, Education & Centre for Advanced Learning

I extend a warm welcome to you on your journey of an enriched learning experience at the Centre for Advanced Learning (CAL) at Manav Rachna University. At CAL we pride ourselves on fostering an environment that champions innovation, creativity and academic excellence.

In the fast-paced and ever-changing world of today, there is an increasing need for individuals with specialized skills and knowledge. Our centre is dedicated to fulfilling this need by providing a wide variety of training programs and courses that are designed to prepare individuals for a lifelong journey of learning and exploration.

At the Centre for Advanced Learning, we believe in the power of collaboration and interdisciplinary learning. By bringing together individuals from various backgrounds and disciplines, we create a vibrant community where ideas are exchanged, and boundaries are pushed.

Thank you for considering Manav Rachna University's Centre for Advanced Learning as your partner in education and professional development.

The CAL envisions a future where education transcends boundaries, fostering empowered educators and institutions committed to excellence and continuous growth. We aim to be a beacon of **innovation** and **collaboration**, shaping the next generation of leaders.

- Offer assistance for the global expansion of Education.
- To use systematic methods to empower the academic fraternity in professionalism, and technology.
- Enhance the skills and knowledge of the educators in schools and higher educational institutes.

EDUCATION FOR A BETTER NEW WORLD

The CAL, inaugurated by a team of experts representing the International Baccalaureate Organisation (IBO) in October 2023 has been conceptualized to provide educational services such as continuous professional development to in-service and aspiring teachers in schools and higher education institutions.

CAL envisages to have verticals in the following domains:

- a. Professional Development in Schools & Higher Education Institutions
- b. Foreign Language services
- c. Training through partnerships and affiliations in addition to the above, CAL will also provide consultancy and guidance to Schools & Higher Education Institutions.

In a significant development that promises to revolutionize education and empower students to thrive and make a difference, the Manav Rachna Educational Institutions (MREI) signed a Memorandum of Understanding (MoU) with the International Baccalaureate Organisation (IBO).

This partnership aims to establish a Centre for Advanced Learning through the IB Educator Certificate (IBEC) in the undergraduate degrees in education at the Department of Education & Humanities.

The Centre for Advanced Learning will offer the IB Educators Certificate, intended for aspiring educators to deliver the IB framework effectively and proficiently. The newly launched Centre is dedicated to providing world-class training to educators.
