**Faculty of Computer Applications**  
 (Fourth Issue, From Jan, 2020 - Dec, 2021)

Educational Institutions are "Temples of Learning" in parlance of great thinkers. Education being the earnest and conscientious pursuit on his mind, our founder visionary Dr. O. P. Bhalla strongly believed that education ought to be Good with high Moral Values. It is important to groom the students and imbibe in them not only academic brilliance but also professional ethics to face the challenges of real life and of corporate world. He had always reiterated his promise to make the students good human beings first and then professionals.

We owe this issue of Newsletter to the great man with great fondness and endearment.

## Message from the Vice Chancellor (Dr. Sanjay Srivastava)

Manav Rachna International Institute of Research and Studies is carrying the legacy of Dr. O.P. Bhalla since its inception. The Faculty of Computer Applications (FCA) is releasing its fourth Newsletter, which highlights events and activities over the last two years. The Department has developed imaginative forums with coordinated efforts of the students and faculty members, leading to necessary connect and bonding towards upliftment of the department. Our educational programs offer a solid foundation of technical education and promises a hands-on learning experience. Bringing newsletter reflects the dynamism of Manav Rachna International Institute of Research studies. The launch of this newsletter will provide an opportunity to all the creative minds to share their ideas and information as well as happenings in and around the department.

I congratulate Dean, Head of Department, Faculty members and student coordinators of editorial board for their outstanding achievement. Working with so many brilliant and committed students, professors, alumni's and staff members has been a privilege.

My best wishes to the entire team for the success.  
Jai Hind

## Message from the Pro Vice Chancellor (Dr. Naresh Grover)

I appreciate the efforts of Faculty of Computer Applications (FCA) in realizing our learners' hopes and objectives for a bright and successful career. At Manav Rachna, we are committed to recognizing and meeting the requirements of students in an increasingly competitive environment. All of our technical and traditional programs are delivered with a focus on customized supervision and care by highly experienced and well-qualified academicians.

Our one-of-a-kind support system will give students access to academic mentorship, career counseling, collaborative learning platforms and most importantly, acknowledgement for those who strive to succeed. The Quality Education we impart to our students, enlighten their minds and enthuse their hearts for higher goals. I am happy to perceive that this edition of newsletter is not only informative but also has rich literary articles which add value to its quality. I extend my hearty congratulations to Dean, Head of Department, Faculty Members and Student Coordinators of editorial board for their outstanding achievement.

Good Luck and best wishes for a great future.

## Message from the Pro Vice Chancellor (Prof. (Dr.) Pradeep Kumar)

At Faculty of Computer Applications, MRIIRS, future leaders are developed and instilled with the skills and abilities to lead with confidence and passion. I'd like to extend a warm welcome to the newsletter. It is my firm belief that the newsletter will fulfill the need of the students as well as other stake holders. Manav Rachna is well equipped with state-of-the art facilities and infrastructure as well as qualified and dedicated faculty in all disciplines. The students are highly skilled and well placed after they graduate. It is a fact that many of Manav Rachna's very successful graduates have set national and worldwide benchmarks in numerous sectors. We groom future successful global leaders.

I wish the best of luck to the Editorial Team of Faculty of Computer Applications for the successful release of this newsletter. It reflects the dynamism of Manav Rachna International Institute of Research studies. This newsletter highlights a few of the remarkable achievements that occurred on and off campus in the areas of placements, national and international collaborations, startups, internships, research and many other topics. We hope to achieve many more achievements in the future.

I wish Good Luck to the entire team for the success.

## Message from Pro Vice Chancellor (Dr. G. L. Khanna)

Manav Rachna International Institute of Research and Studies, since its establishment has always been the most important mode of disseminating the wealth of education from one generation to the other. The students and the faculty members have brought laurels and awards to this institution. With this in mind, the newsletter will represent all of these accomplishments and satiate the hunger for knowledge about our university. The objectivity and accuracy of event reporting is reflected in this issue. Our goal is to give students the greatest education possible and to educate them for tomorrow's difficulties to handle the obligations of the corporate world.

We are conducting vitally important work with the help of talented faculty members. I'm delighted to share the department's activities and accomplishments with you through this newsletter. I wish Good Luck to the entire team for the success.

## Message from the Registrar (Sh. R. K. Arora)

It gives me immense pleasure to know that Faculty of Computer Applications is releasing out its fourth newsletter. The newsletter will be a mirror to all-round developments and the dynamism of the department in the University. With inputs from faculty members and the students of the department, I am sure that it will be both an attractive and stimulating news production. In MRIIRS, we share the vision of our revered founder, Dr. O.P. Bhalla, who was passionate about blending knowledge with values so as to shape our learners as responsible citizens. We have a strong commitment towards providing an environment conducive to learning, where the students are mentored by the best industry experts and academicians.

At MRIIRS, we have always tried our hardest to provide the best education and to prepare our students to face the difficulties of future, so that they are capable of handling the demands of the corporate world. Our educational programmes provide a strong technical foundation as well as hands-on learning opportunities.

I congratulate the editorial board for their efforts in putting this issue together.

All the Best.

## Message from the Director General (Lt. General R.K. Anand)

I am delighted to know that Faculty of Computer Applications, Manav Rachna International Institute of Research and Studies is bringing out their fourth Newsletter showcasing their initiatives and articles.

The world today is undergoing tremendous disruption and transformation fuelled by digital revolution. This revolution has touched every aspect of human life and brought in metamorphic changes. These changes are demanding evolved skills from younger generation. Therefore, it is the responsibility of academic institutions to create such programs that meets aspirations of the environment.

I am happy that Department of Computer Applications at MRIIRS is keeping up with times by evolving syllabus of various programs. The quality of research work being pursued by the faculty and students is evident from the large number of research papers being published in referred journals. The innate desire to bring this newsletter displays their quest for excellence. I extend my compliments to the editorial team and to Faculty of Computer Applications for this initiative and wish them all the very best in future endeavors.

I extend my compliments to all students of Faculty of Computer Applications and would recommend that this newsletter should be read as a precursor to quest for in-depth knowledge in this ever-evolving field of Computer Applications.

Wishing everyone success in all future endeavors.

## Message from the Dean (Prof. (Dr.) Usha Batra)

Education is not an act of acquiring knowledge but learning a skill to lead life and forming one's personality. This is an ennobling process of growth. I can firmly say that we have excelled in every initiative that we undertook and we have stood together in facing the challenges in realizing quality education. Manav Rachna International Institute of Research and Studies constantly offers to assist young minds to develop their mental and physical abilities by offering a vibrant atmosphere for teaching, learning, research and creativity. The institution's visionary aim is to assist students in their multidimensional growth and holistic development.

At the Faculty of Computer Applications (FCA), we share goals of innovation in learning through a focus on hands-on experience and research. With newsletter as an active media, we keep on sharing the working of FCA fraternity; this will surely act as an encouragement in achieving new heights.

Welcome to the fourth edition of FCA newsletter. It covers a mix of stories that illustrate the diverse and innovative challenges our students and faculty undertake as well as the influence they have on our community.

The editorial team of the FCA has worked very hard for bringing out this newsletter.

I once again congratulate the whole team and wish a grand success for their efforts.

## Message from the HOD (Prof.(Dr.) Rashmi Agrawal)

I am pleased to announce the publication of the fourth newsletter of the Faculty of Computer Applications, MRIIRS. The country went into a difficult phase in February of 2020 as the Covid-2019 pandemic spread. Despite the lockdown, all the courses have been taught via Online mode. The students have taken advantage of this opportunity by learning new skills, developing projects, working with different online tools and many more. We want to thank all the faculty members and especially the students for their cooperation during these difficult times.

We at the Faculty of Computer Applications always keep on evolving to meet the academic demands of future learners in the industry. The Institution is committed to provide education that leads to degrees relevant for today's global workplace while remaining competitive in terms of academics. We are dedicated towards providing a curriculum that meets our students' needs and I am sure this newsletter will become an important chronicle on happenings around us.

Our faculty members are dedicated to providing a learning environment for students. They come up with various ways and means for grooming them. With each passing day, it becomes clear that the Department of Computer Applications has made significant contributions to the success of not only our students but also our faculty members and alumni as well.

There are a lot of people who have contributed to the success of this endeavor. I want to personally thank every person in the department for their hard work. I am grateful for everyone's help and support, without which it would not have been possible to achieve our goal.

## Star Performer

**Prof. (Dr.) Sanjay Srivastava**  
Vice Chancellor

Dr. Rashmi Agrawal  
Professor  
Computer Applications: FCA

Subject: Appreciation for "Star Performer" in the domain of Research

Dear **Rashmi,**

It gives me great pleasure to have come across your exceptional research credentials and your sustained approach towards research endeavors in an unrelenting manner. I would like to extend my deepest appreciation for the hard work, dedication and commitment demonstrated by you.

The University recognizes your exemplary performance in research, particularly in research publications, innovation, consultancy and patents publications and is immensely pleased to accord you as the "Star Performer" in Research for the year 2019-20.

Our Founder Chancellor MREI Dr. O.P. Bhatia - a true believer in the ideology that a man is defined not by words but by his work, brought to life Manav Rachna Educational Institutions with a vision that envisaged and strived for one voice, one team, one family & one soul. He firmly believed that No dream is too big, no dreamer too small and ensured that each and every student of Manav Rachna gets the opportunity to unravel their wings and take flight.

I, on behalf of the University, trust that this honour shall encourage you to achieve greater heights and you would help the university in progressing leaps and bounds as a trailblazer in the field of research. In these exciting and promising times, let us pledge to make the University one of the forerunners in its transition to blended learning.

We wish you a life time of success and happiness and look forward to taking the University in an upward spiral with your continued efforts.

Best wishes  
  
10.9.20  
Dr. Sanjay Srivastava

# From the Desk of Faculty

## Technocrats are the ARJUNA of 21st century

Mr. Raj Kumar

### 10 COMMANDMENTS FOR STUDENTS TO BECOME A WINNER IN IT INDUSTRY

#### ATTRIBUTES OF LEGENDARY ARJUNA

Be a specialist. Arjuna was an ace archer of his time.

Be focused like Arjuna.

No Pain – No Glory

Arjuna hit the fish eye.

#### ATTRIBUTES OF 21ST CENTURY ARJUNA

Know your domain, become more proficient in that one identified area of your choice and try to reach the pinnacle of success.

IT has provided lot of convenience. Your mobile has become passport to e-world. But it distracts a lot; particularly at your age when you have infancy about lot of things.

But, be focused like Arjuna and avoid all unwanted things and activities and put all your efforts to hone-up your technical skills. If you can focus then only you will be able to achieve great heights in life.

There is no substitute of hard work in life. You have to bear the pain. This pain will transform a young lad into a seasoned IT professional. Even Arjuna has to practice a lot to become an archer. You also have to practice a lot to become proficient in IT.

The targets look unachievable in the initial stage of project initiation. But when a determined person puts efforts and energy, then magic happens. If you achieve results then only people will believe it.

It is rightly said, "actions speak louder than words"

## ATTRIBUTES OF LEGENDARY ARJUNA

Arjuna used to keep his various arrows in quiver. The use of an arrow will be according to the target.

Arjuna had a guru in the form of Lord Krishna.

Arjuna followed the path of DHARMA i.e. aptness of the work of the work.

Arjuna was a team player.

Pandava's fought to save the honor of their motherland i.e. Hastinapur.

Be Happy

## ATTRIBUTES OF 21ST CENTURY ARJUNA

IT professional of today must know the various tools and techniques. These tools must be used judiciously depending on the need. The tools and technology have to be changed according to the problem definition.

You must have at least one person who can guide you when you need counseling and motivation. This guide may be your father, mother, professor or elder sibling. With right guidance can you can achieve more in life.

In corporate world, many times the greed starts influencing the decisions of corporate leaders. In past, we have seen the infamous case of "SATYAM software". It was India's 4th largest company in 2006. When the fraud was revealed, the fortune of company turned into dust. Unethical behavior will destroy you sooner or later.

Although Arjuna was capable of doing great damage to the opponents. In spite of that, Pandavas fought together as one team and were able to reclaim Hastinapur. In Corporate world also, we can achieve more when we work as a closely interweave team.

We must make efforts to bring a good name to our clan and company. If we put 100% efforts in achieving objectives of the organization. Believe it, sooner or later the organization will reward you with name and fame.

In points 1 to 9, we had discussed the attributes which are required for competition.

But never forget that, one day we have to leave everything and move on for further journey. So,

1. Always find time to meet friends and relatives at regular intervals.
2. Listen to melodious songs.
3. Pursue your hobby.
4. Try to be closer to nature; it heals our body and soul.

Faculty of Computer Applications (FCA) has organized an expert lecture on SMAC (Social Mobile Analytics Cloud) Technologies and the future under FCA ACM Student Chapter Activity. The guest speaker was Mr. Ajay Deshpande, Vice President, Zimbra Technologies Pvt Ltd, Pune. He is a ACM eminent speaker and an alum of IIT Bombay. Dr S S Tyagi(Dean FCA) and Dr. Shaveta Bhatia (HOD-CA) welcomed the guest.

Before starting the expert lecture, the 3rd issue of newsletter of FCA was released by Mr. Ajay, Dean FCA and HOD-CA. He started his speech by putting light on four pillars of current & future trends i.e. social, mobility, analytics & cloud (SMAC) and prompted how pillars of computing will shape the future. He ended his talk by giving an idea of the projects to work on.

The event was ended by presenting the appreciation certificate to Karan Chandra and Chandan Kumar (BCA Final Year Students) for their valuable contribution in designing and publication of 1st, 2nd and 3rd edition of newsletter. The faculty and students have appreciated the knowledge shared by the guest speaker. At the end Dean-FCA and HOD-CA felicitated the guest by memento.

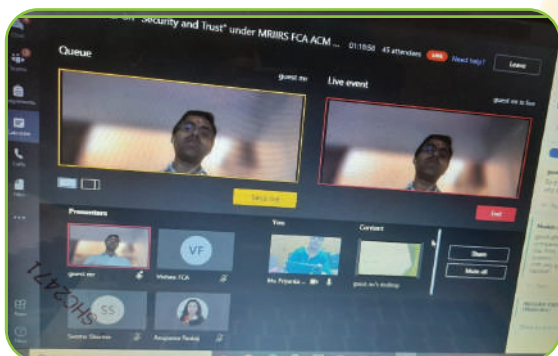

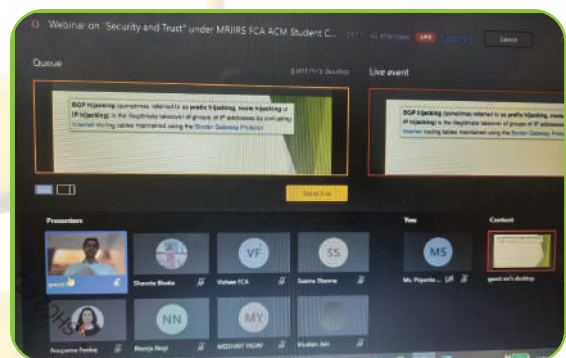

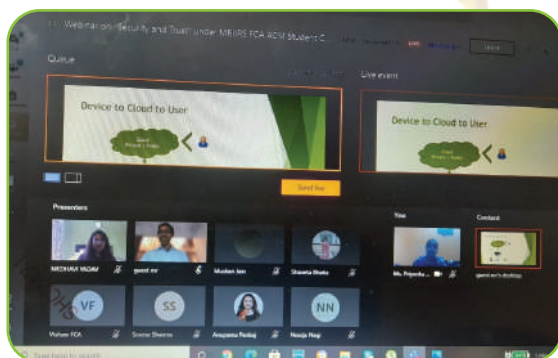

# Webinar

## "Security and Trust" (FCA ACM Student Chapter)

Faculty of Computer Applications (FCA) has organized a webinar on "Security and Trust" under FCA ACM Student Chapter Activity. The guest speaker was Mr Kaarthik Sivakumar, Principal Engineer, Cisco Systems and an alumnus of University of Delaware and BITS Pilani. He is an ACM eminent speaker. Dr. Shaveta Bhatia (HOD-CA) and Priyanka Sharma organizer of the event welcomed the guest.

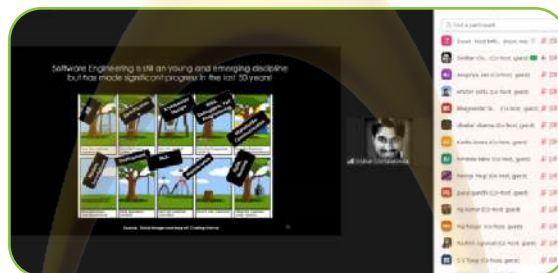

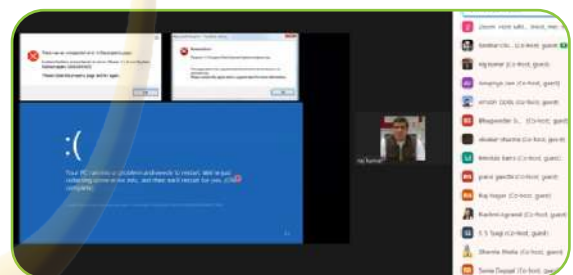

He started his speech by giving an example of book "The Art of Deception" by Kevin, considered to be best book to understand ethical hacking, and explaining through the concept of security and trust practically and showing how it can be seen which IOT devices are available on internet. Investment in Security of devices is considered to be most wise investment in knowledge which pays the best interest. He ended his talk by motivating and showing the path and future of cyber security and also solving more than twenty queries of BCA, B.Sc IT and MCA students on how to move towards Security. The faculty and students have appreciated the knowledge shared by the guest speaker. At the vote of thanks was done by Shaveta Bhatia (HOD-CA).

## Software Engineering and It's Reflections on 50 Years

Faculty of Computer Applications (FCA) has organized a webinar on “What Is Software Engineering Anyway? Reflections on 50 Years of Software Engineering and the Road Ahead!” under FCA ACM student chapter activity. The guest speaker was Dr. Sridhar Chimalakonda who is an Assistant Professor in the Department of Computer Science & Engineering at Indian Institute of Technology Tirupati. He is an ACM eminent speaker. Dr. S S Tyagi(Dean-FCA) and Dr. Shaveta Bhatia (HOD-CA) welcomed the guest, Priyanka Sharma organizer of the event introduced the guest and welcomed the Dean, Hod, guest, faculty members and students.

He started his speech by discussing the nature of software engineering he introduced the audience to the history of software engineering, 1968 the era when this term was coined. He ended his talk by motivating and showing the path of research and future of software engineering, he asked the students and faculties to think towards use of software engineering in Artificial intelligence and machine learning and also solving more than twenty queries of BCA, B.Sc IT and MCA students on how to move towards software engineering. In total more than 120 students attended the ACM Event. The faculty and students have appreciated the knowledge shared by the guest speaker. The vote of thanks was done by Dr. S S Tyagi(DEAN-CA).

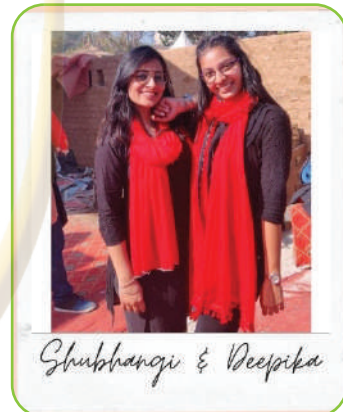

Faculty of Computer Applications organised Annual Intensifying photography skill development program . It started on International Day of Friendship which was 30th July and ended on Friendship Day which was on 2nd august. Around 28 teams participated in this event and shared twinning pictures along with their best friend. More than 1000 likes and 500 comments were scored by the teams in the event. The winning criteria was as such: 1 like = 1 vote, 1 comment= 2 votes. The participants were all over from the Manav Rachna Institute including the faculty members.

The event was successful because of the extensive design work and query handling skill. The Instagram caught the attention of the students thus leading to the highest number of followers amongst all the clans of the Manav Rachna.

The winners were declared after the 50% judgment from the likes and comments of the participants and 50% from the judges of the events.

The declaration was made through the Instagram and was promoted amongst all the Manav Rachna family.

*Shubhangi & Deepika*

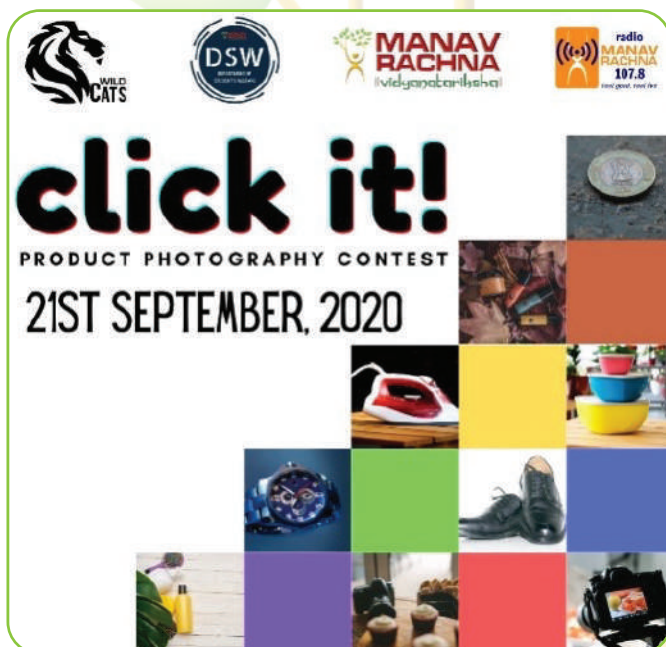

*Riya & Ritika*

## Annual Intensifying Photography - Click it (21.09.2020)

Product photography is a form of commercial photography that has the goal of presenting a product in the best possible photographic representation. In this competition, we would like to check if participants can make their selected products, the hero of the picture. The event witnessed over 30 entries. Through this competition, clan received more than 1000 likes within 24-48 hours.

The winner of the competition was Sakshi Garg, all participants received e-certificates.

## Annual Intensifying Photography - Snap for a cause (11.11.2020)

Participants were required to click a picture of their happy pill associated with the act of kindness (which could be any act of kindness towards nature, humans, animals, etc) along with a message or story for the same.

Registrations for the event were done through google forms.

Participations were allowed from Manav Rachna as well as other institutions, with no restrictions to the age limit. All the participants were provided with E-certificates.

The entries were accepted till 11:00 P.M on 14th November 2020 and the results declarations were made on the Instagram on 16th November.

The winners were decided:

1. Solely by the voting panel
2. On the basis of likes and comments (1like= 1point; 1comment=2points).

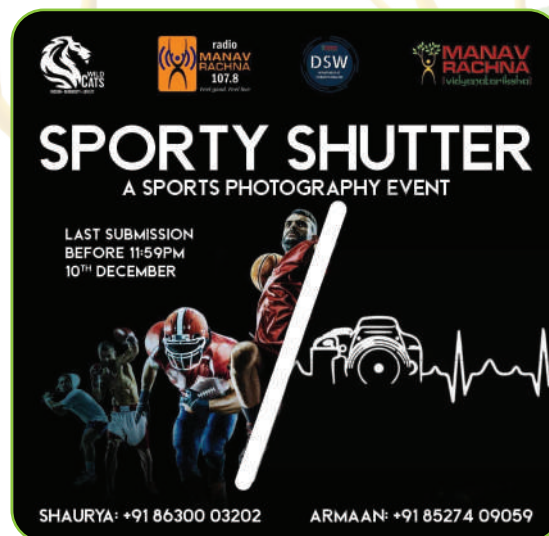

With the total of 12 entries special accolades to our two most kind-hearted participants- Alamelu Somasundaram (Voting Panel – Dr.Bindiya Ahuja and Sachin Aneja) & Arena Khan (People's Choice) were given.

## Annual Intensifying Photography - Sporty Shutter (10.12.2020)

Participants were required to send their sporty images, a winner never quits and quitter never wins. Registrations were done through the google forms.

The entries were accepted till 11:59pm, 10 December 2020 and the photos were showcased on 11 December. Results declarations were made on the Instagram on 13 December.

## Awareness program on Road Safety

### National Anthem (12.02.2020)

National anthem, it reminds us of our pride, nation's glory, beauty, and rich heritage

### Two Wheeler Ride (12.02.2020)

Ride for "Spreading Awareness of Road Safety".

Faculty of Computer Applications of Manav Rachna Institute of Research and Studies (MRIIRS) organised a Road Safety Campaign "RIDE SAFELY WITH YOUR VALENTINE" i.e. people you love : your family and friends, in association with Department of Student Welfare, Regional Transport Authority and Road Safety Omni Foundation Faridabad on 12th February 2020.

The two wheeler rally within the campus wherein both the rider and pillion were wearing helmets promoted safe driving amongst students. SHO Dinesh and Traffic Tauji graced the occasion and guided students about Motor Vehicle Act 2019 and importance of wearing a helmet and seat belt while driving. They also talked about the fourth eye and how every citizen should behave responsibly on the road.

Dr. M.K.Soni, Pro Vice Chancellor and Dean Student Welfare, Dr. H.C. Rai, Dean FET, Mr. Satish Arora, Chief Vigilance Officer along with other dignitaries flagged off the rally. Many faculty members came forward to participate and motivated students for participation.

SHO Dinesh talked very highly about Manav Rachna Educational Institutions and the intent to transform and educate students for all round development.

# World Environment Day

Workshop (05.06.2020)

Faculty of Computer Applications organised One Week Celebration of World Environment day Over 100 countries around the world are celebrating World Environment Day (WED) on Friday, June 5 2020, raising awareness about the importance of protecting planet Earth and Mother nature.'

## NEED FOR CONSERVATION OF BIODIVERSITY

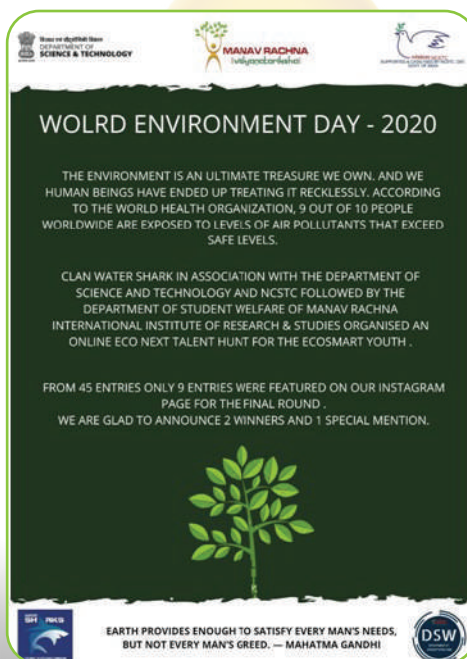

Biodiversity.

The wonderful gift by the Almighty!  
Most amazing lineaments of unique earth  
Includes variety of plants and animals,  
And species of different varieties.  
Though the gift has now become a major concern.

Wildlife maintains the ecological balance,  
It is the recreational and aesthetic value.  
Interaction between all the biotic components,  
Is the must for the ecological balance.  
As there is an absolute need to assist nature,  
By helping it gain it's lost delicacy.

Rapid population growth and demands of man,  
Expansion of industrial and agricultural land,  
Have led to the extinction of species.  
Land degradation and deforestation  
The major issue of thinning of forest land,  
That leads to global warming.

As life inside all living beings are same and divine,  
So nature can be good friend to us.  
One must learn to serve one's surrounding  
By destroying nature,  
We will be wiping ourselves off the planet earth.  
Therefore, conserving of biodiversity is must.

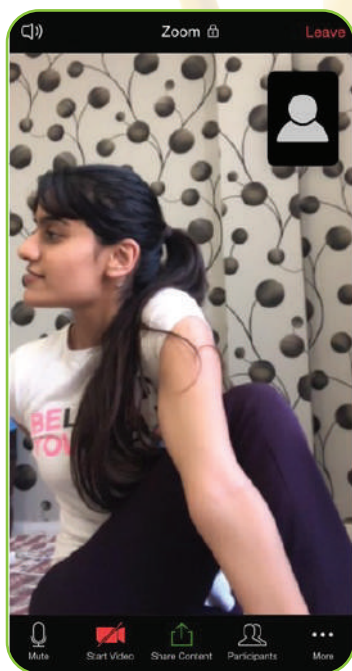

## Yoga Training Program

### Yoga session (21.06.2020)

Faculty of Computer Applications organised Two weeks Yoga Training Program. The aim of these yoga sessions was to spread awareness about the importance of physical and mental fitness in this pandemic situation, Covid-19.

The classes were conducted by Dharna Arya, member of student council, Watersharks, MRIIRS. These classes included meditation, warm up exercises, stretching & strength based exercises. Yoga postures like bhujang asana, chakra asana, setuband asana, katichalna were also performed during the yoga sessions and different types of pranayamas like kapalbathi, anulomvilom, sheetali pranayams were practiced to incur the respiratory capacity of our lungs.

Initially these yoga sessions were based on the importance of yoga in one's overall well being. As we all know that only physical fitness is not necessary but mental fitness is also required to stay calm and positive in such pandemic situations like this Covid-19.

These classes were successfully conducted and many students and faculty members actively participated in these classes and they themselves felt more energetic and fresh after taking these yoga sessions.

# Webinar

## Report on Webinar on Security in Cloud

13.10.2021

Faculty of Computer Applications (FCA) has organized an expert lecture on “Security in Cloud” under FCA ACM Student Chapter Activity. The guest speaker was Mr. Ajay Deshpande, Vice President, Zimbra Technologies PVT Ltd, Pune. He is a ACM eminent speaker and an alum of IIT Bombay. Dr. Shaveta Bhatia (HOD-CA) and Ms Priyanka Sharma welcomed the guest.

He started his speech by putting light on history of major data breaches, and then explaining how security in cloud can protect our data. He also discussed about the future projects in security of cloud. He ended his talk by giving an idea of the projects to work on. Many questions were asked by students like the major security steps taken by companies to protect data from being hacked. There were more than 100 students who attended the webinar.

The faculty and students have appreciated the knowledge shared by the guest speaker. At the end the vote of thanks was given by Ms. Priyanka Sharma.

## What is Cloud Computing

- On-demand availability of computer system resources without direct active management by the user
  - Data storage and computing power
- Became a Business Need
  - Like Renting – Pay for Only What you use
  - Reduced Cost of Ownership
  - Faster Innovation and Business Agility
  - Scalability, Harness New Technologies
  - Business Continuity: Often infrastructure distributed over multiple locations
  - A Company can be started using USD 10K (Earlier it was USD 250K)

## Aspects of Security in the Cloud

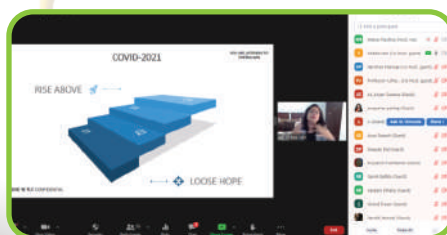

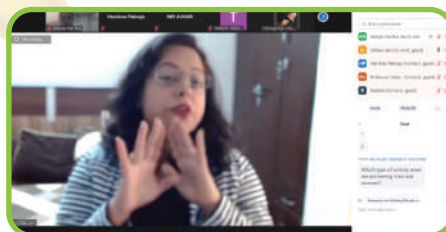

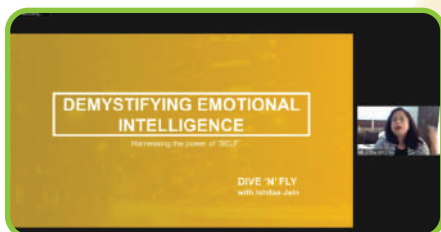

# Webinar

## "Demystifying Emotional Intelligence" (13.12.2021)

The Faculty of Computer Applications (FCA) has organized a webinar entitled "Demystifying Emotional Intelligence" on Wednesday, December 13 from 3:00 pm to 4:00 pm. Founder of Dive 'N' Fly, Ms. Ishitaa Jain was the guest speaker. Ms. Jain is a Life Strategist and Mind Alchemist. The meaning of the words life and mind have been defined in various ways by her. Having sailed through the thick and thin of her life, she has primarily real-life, in-depth business experience, presenting radically different points of view. The impact of Ishitaa's sessions, webinars in multiple academic institutes, corporate houses, healthcare fraternity and communities has touched more than 10,000 lives in the last year. Dr Usha Batra, Dean FCA, Dr Rashmi Agrawal, Head of the department and Ms. Priyanka Sharma, Event Coordinator, welcomed the guests.

She began her speech by discussing one's inner self. Furthermore, she discussed harnessing one's SELF's power. She led the students into a path of self-awareness, self-management, self-regulatory skills, empathy, and people skills. Her talk also touched on the role of behavior and personality in motivation. She ended her talk by answering students' questions about self-motivation and how to recover from failure. The students asked questions regarding depression and how to handle it. Nearly 50 students participated in the webinar.

Faculty and students both appreciated the knowledge shared by the guest speaker. Ms. Priyanka Sharma presented the vote of thanks at the end.

|-------|-------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------|--------------------------------------------------------------------------|---------------------------------|-------------------------------|
| 14    | Sensory Motor Imagery EEG Classification Based on Non-Dyadic Wavelets using Dynamic Weighted Majority Ensemble Classification | Poonam Chaudhary, Dr. Rashmi Agrawal                        | Intelligent Decision Technologies                                        |                                 | Apr-20                        |
| 15    | Web service classification based on non-functional parameters using vote based classifier                                     | Neerja Negi, Poonam Chaudhary & Satish Chandra              | Journal of Discrete Mathematical Sciences and Cryptography               | Vol. 23, Issue 1, PP. 45-55     | Apr-20                        |
| 16    | A study on attacks in Mobile Ad-hoc Networks                                                                                  | Kavita Arora, Dr. Kavita, Dr. Vishal Jain                   | International Journal of Advanced Science and Technology                 | Vol. 29 Issue 8s, PP. 279-289   | Apr-20                        |
| 17    | The Approach of Identifying Fake Identity by Using Hybrid Ant Neuro Fuzzy Clustering Based Method                             | Dr Anupriya Jain & Ms Seema Sharma                          | International Journal on Emerging Technologies                           | Vol. 11, Issue 3, pp. 395-401   | May-20                        |
| 18    | Statistical Research of E-learning acceptance that is transforming the face of education                                      | Taranbeer Singh, Minal Garg, Priyanka Sharma                | International Journal of Advanced Science and Technology                 | Vol. 29, 11s, 932-941           | Jun-20                        |
| 19    | Challenges in Face Detection and Recognition Techniques                                                                       | Ravendar Kumar, Rahul Sajwan, Parveen Jha, Dr Sachin Sharma | International Journal of Innovative Technology and Exploring Engineering | Vol. 9, 8, 221-224              | Jun-20                        |
| 20    | Proximity tracing to seize community spread of COVID 19                                                                       | Dr Sonia Duggal & Dr Anupriya Jain                          | International Journal on Emerging Technologies                           | Vol. 11, 3, 853-857             | May-20                        |
| 21    | Effect of Supervised and Unsupervised Algorithm for Cross Domain Sentiment Analysis                                           | Vaishali Kalra, Rashmi Agrawal                              | International Journal of Innovative Technology and Exploring Engineering | Vol. 9, 8, 719-724              | Jun-20                        |
| 22    | An Introductory Review on Big Data and Distributed Delay Framework of Neuorn Model                                            | VDS Baghela, SK Choudhary, SK Bharti                        | Journal of International Academy of Physical Sciences                    | Vol. 20, 2, 217-225             | Jun-20                        |
| 23    | Recent Trends in Botnet Detection Techniques-A Review                                                                         | Ritinder Kaur, Neha Gupta                                   | TEST Engineering & Management                                            | Vol. 83, May-June, 24412 –24426 | Jun-20                        |
| 24    | Sentiment Analysis and its application on Covid-19                                                                            | Isha Gupta, Neha Gupta                                      | TEST Engineering & Management                                            | Vol. 83, May-June 22407 – 22416 | Jun-20                        |
| 25    | Executing Expanded AI Models On Dummy Variables With Low Variance                                                             | Sakshi Jolly, Neha Gupta                                    | International Journal of Advanced Science & Technology                   | Vol. 29, Issue-6, pp 7944-7956  | Jun-20                        |
| 26    | An upgraded model of query expansion using inverse- term frequency(ITF) with oertinent response for IOT                       | Surbhi Sharma, Abhishek Kumar, Rashmi Agrawal               | International Journal of Internet Technology and Secured Transactions    |                                 | Jun-20                        |
