

**MANAV RACHNA DENTAL COLLEGE**  
DEPARTMENT OF ORTHODONTICS AND DENTOFACIAL ORTHOPEDICS  
**Aligners in Orthodontics**

Dr. Aseem Gulati

20/12/2018

Department of orthodontics and dentofacial orthopaedics, Manav Rachna Dental College along with Invisalign hosted a comprehensive lecture and workshop on aligners in orthodontics on 20/12/2018. The event began with a welcome message by Dr. Arundeerp Singh, Principal MRDC and Dr. Sridhar Kannan, Professor and HOD Department of Orthodontics MRDC. Dr. Aseem Gulati was invited to be the guest speaker and resource faculty for the workshop. The event was attended by interns of our college, faculty, post graduate students of our college as well as faculty and post graduate students of various other colleges in Delhi NCR.

The first lecture comprised of basic introduction, practice and future prospects of aligners. A short tea break was then followed by the second lecture on case selection and clinical discussion on aligners. The delegates then participated in the hands-on workshop in which 3D oral scans of patients with malocclusion were performed using ITERO software. The event concluded with a question answer session followed by certificate and study material distribution.
