## IPR Team celebrated World Intellectual Property Rights Day (April 26, 2019)

MRU CST IPR (Intellectual Property Rights) CLUB celebrated World Intellectual Property Rights Day on 26 April 2019.

*"Invention is the most important product of the human mind". Nikola Tesla, Engineering Genius, Serbia*

Thus, it is an intellectual property and needs to be protected through intellectual property rights.

To create awareness about the same among our budding inventors, the **students IPR club** organized an event in collaboration with **IEEE MRU in LF09**. The event started with an introductory session from **Ms. Neha Garg, Consulted I.P head, I.P Attorney** on **"Intellectual Property: Copyright, Trademarks and Patents"** who enlighten the students' mind with her knowledge and experience about intellectual property rights. Students acknowledged that the session was very informative and interactive. The session was followed up by a **small quiz** based on intellectual property rights. It was MCQs based quiz. The students participated in it enthusiastically. The winners were awarded appreciation certificates and all participants got the participation certificates as well.
