Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.

To keep the students during pandemic the educational institutions had to be closed down for face to face learning in brick and mortar classroom. Manav Rachna International Institute of Research and Studies (MRIIRS) has always been a torch bearer in the areas of Studies, innovation and Research. MRIIRS was ready with the technology long back and was already moving out from conventional system to a new technology with an emphasis on collaborative, hands-on work; however the pandemic situation has put them on a high speed roller coaster ride to shift academic and teaching the system to a totally remote and online. MRIIRS adopted technology supported classes within a week of closure of the classes. With more than 5000 students registered in January 2020 for various semesters, MRIIRS started its online delivery from 23rd March 2020. Keeping in view the motto that 'learning does not stop', we kept the students engaged through online mode and adopt digital/online classes from March 23, 2020 on online e-platform of Microsoft 365 Teams. It was noticed that the student's attendance with online classroom learning environment was even better as compared to conventional mode.

Further, Students were also encouraged to go for online courses available on SWAYAM platform under credit transfer scheme on the University as per guidelines of MHRD, AICTE and UGC. Students have done lot many value-added courses through other internationally reputed online platforms like Coursera, Udemy Edx, Indian Institute of Remote Sensing / ISRO etc. The University also completed the assessment of previous semester for senior classes by 1st week of Dec 2020 and declared results within seven days. The examinations were conducted remotely on a third party online examination platform hired from M/s Mettl specially for artificial intelligence based automatic proctoring coupled with manual proctoring facility by university teachers and mentors. However the sessional exams were conducted in conjugation with Microsoft Teams meeting and Google meet. The tutorials on Microsoft Teams were enriched with links from YouTube, MOOCs and other references. The guest lectures and seminars were arranged on the platform of Zoom, Microsoft Team and GoToWebinar. The classes for even semester for senior students got started in online mode in the second week of Dec 2020 in consultations with Deans and Heads of Departments and also with the advisory bodies.

Even the online classes for newly admitted students in various programmes started from 1st Oct 2020 after conducting their one week on line induction programme. They completed their course of studies for 1st semester wrote their end semester examination in Feb 2021 through online AI proctored mode and started their II semester classes from March 2021. As the situation was normal/ better, their end semester exams were conducted in offline mode in the campus by following all stated protocols laid down by the Govt.

The university in collaboration with IIT Delhi has been able to get most of the experiments conducted through an online mode. For practical courses the students were attending the lab courses physically in the campus in staggered mode by following all necessary instructions as laid down by the Govt. During this period various directions from regulating bodies like AICTE/UGC which gave more focus on Project Based Learning and encouraging innovations. Many students came up with various innovative ideas and have motivated them to go to next stage and use these concepts for creating start-ups. During this period MRIIRS has been able to successfully adapt the digital environment for teaching-learning process, which is a hybrid in nature, flexible to use, gives students autonomy to study when they feel like. During this crucial health crisis many students have come up with many innovative ideas and have been able to bring laurels for themselves and the university. Thus a culture of Innovations has been established and shall lead to development of new products and processes. It has also been found that adoption of digital strategies has enhanced learning and achieved higher order learning objectives. It is expected that pandemic has and shall affect the future delivery methods and more and more digitalization will become the norm.

3. The period of delay in completion of syllabus (in months).

0

4. The period of delay in conducting exams (in months).

0
