

ALUMNI SPEAK

Name: Deepak Singh Raghav
Company Name: Satin
Designation: Software Engineer
MCA 2017-19 Batch

I am thankful to all the faculty members of the College for their continuous efforts and support. I cherish every moment spent at Manav Rachna.

Name: Sandeep Pachauri,
Current company: UST global, united kingdom
Position: Enterprise Software Architect
MCA 2009-2012 Batch

Manav Rachana is great, there's always someone around to help whether that be with personal issues or IT skills. When I started, I struggled a lot as I came from Hindi medium board. Here all the facilities helped me in understanding the course content and provided time to time additional coaching which helped me in building my career path.

Lecturers here help with not just your modules but you, yourself- if you say you're struggling they're there to guide you and help you understand what your degree is asking from you which means they will help you in building you for outside world.

Name: Sohail Madan,
Current company: Amazon
Position: Software Development Engineer
B.Sc(IT) 2017-2020 Batch

In Manav Rachna from the beginning itself, I was surrounded with people who could inspire me in & out to achieve something great. The faculty's @manav Rachna is the greatest scholars around. They are deeply invested in your learning. They helped create a vision for me, conducted workshops IoT, Web Development & Cyber Security. Eventually, I ended up getting multiple job offers.

Name: Aashna
Associate Analyst, Deloitte
BCA 2017-2020 Batch

I'm highly indebted to the entire Manav Rachna family for helping me to become a person who I'm today. It gave me a platform to understand my potentials that were hidden inside me. I would also like to thank my mentors and staffs who always supported and motivated me in pursuing my dream.
