

Manav Rachna National Aptitude Test' 22

MRNAT Offline (In-Campus) Mode Student Guidelines

1. The candidates need to reach the exam venue latest by 9.10 AM on the test day (June 25, Saturday)
2. The entrance to the venue for the test takers would be through gate number 2
3. The students need to show their government-authorized identity card (Aadhar card/ PAN card/Driver's License/ Voter ID/Passport etc) and respective admit cards (**download from: manavrachna.edu.in**) at the gate for procuring entry to the venue.
4. Candidates need to report at the Registration Counters of **A Block**, ground floor latest by 9.15 AM to mark their attendance and get their admit card/ ID proofs cross-verified
5. Our representatives would then guide the candidates to their respective assessment labs and assign computer systems to appear for the examination.
6. After the completion of the MRNAT test, the candidates would be ushered to their assigned waiting arenas for GD/PI sessions, according to their group numbers.
7. Having successfully appeared for their GD/PI sessions, the candidates can avail a guided campus tour of the magnificent Manav Rachna Campus (*optional*)

Few pointers to be noted (By students opting for the offline mode of MRNAT)

1. Students would be allowed to only carry a transparent water bottle, a small-sized hand sanitizer and, a pen with them to the examination labs. An A4-sized blank paper would be provided to them at the exam venue for rough work
2. **A. For Undergraduate Applicants:** The test would be of 90 minutes in duration and comprise 75 multiple-choice questions, with 25 questions each on Arithmetic and Logical Reasoning, General Awareness and General English
B. For Postgraduate Applicants: The test would be of 90 minutes in duration and comprise 45 multiple-choice questions, with 15 questions (each on Arithmetic and Logical Reasoning, General Awareness and General English) and 30 questions related to the corresponding programs the candidates have applied for.
3. Comfortable waiting lounges for accompanying parents/ guardians would be provided at the venue. Students are free to bring their parents/guardians to the examination venue. However, they would have to wait for the entire duration of the candidates' MRNAT & GD/PI conduction, in the dedicated areas. Optionally, they can check out the vibrant campus facilities, converse with our academic counselors to clear their doubts and gain more perspective and its offerings of the university and also have an interaction with our academic luminaries.
4. For students wanting to avail of our transport facility, pick and drop shuttle services would be provided to/from the venue to/from **Badkal Mor Metro station** at 8.15 AM & 9.00 AM

respectively. The drop slot would be provided at **2:00 PM & 3.00 PM** as per available seats, after the culmination of the exam and the GDPI session.

MRNAT Online Mode- Student Guidelines

1. The candidates have to ensure internet connectivity strength of at least 512 kbps for the examination on the test day – June 25, 2022, Saturday.
2. The latest version of Mozilla Firefox or Google Chrome on Windows and MAC OS has to be confirmed
3. The candidates need to disable the pop-up blocker
4. Any third party software installed for the webcam of the system should be uninstalled before appearing for the test
5. The webcam has to be in a working condition. Notifications such as antivirus updates, auto-updates, screen saver updates, and chat application notifications (google talk, yahoo messenger, WhatsApp web etc) should be turned off.
6. The candidates need to grant the test conducting authority's permission to access their webcams and microphone for screen capturing purposes during the exam.

Few pointers to be noted (By students opting for the online mode of MRNAT)

1. The candidates should ensure that the place of test conduction is well-lit, comfortable and free of any external noise & distractions. Any additional person other than the test taker is not allowed in the room. Failing to comply would result in the student being debarred and reported.
2. The candidates are advised to keep their government ID proofs (Aadhar Card/PAN card/ Driver's License/ Voter ID/Passport etc) handy before starting the test. They would be required to show their ID numbers into the webcam when prompted to do so.
3. The candidates should refrain from any inappropriate activities during the examination. Their actions and conversations would be recorded and reported to the authorities. Any suspicious activity (additional people in the room, use of electronic devices for fraudulence etc) would be detected by the system and the candidate would be barred from the examination, along with being reported.
4. The candidates are advised not to navigate away from the test window or move away from the test screen.
5. Use of mobile phones, earphones, calculators or other electronic media during the examination is strictly prohibited.
6. Pressing the 'F5' key would result in the test being ended suddenly and continuing the test would not be possible. Candidates are advised to refrain from pressing the key.
7. In case a candidate's computer system suddenly shuts down due to device error or power shortage, the candidate can resume the test from where they had left, without losing out on their previous answers as which would be saved in the system.

Please Note: *The composite MR NAT Rank is based on the marks scored in the test and GD PI sessions. Marks for the test will be calculated on the basis of the 'Credibility Index' generated through Artificial Intelligence and monitored by the Proctoring Committee. Indulgence in any malpractice would result in a reduction in the credibility index and/or disqualification.*
